

URSI Young Scientists Awards

URSI YOUNG SCIENTISTS AWARDS

A limited number of awards are available to assist young scientists from both developed and developing countries to attend the AT-AP-RASC 2022 in Gran Canaria, Spain, 30 May – 4 June 2022.

To qualify for an award, the applicant:

1. must be less than 35 years old on September 1, 2022;
2. should have a paper, of which he or she is the principal author, submitted and accepted for oral or poster presentation at a regular session of the General Assembly and Scientific Symposium.

Applicants should also be interested in promoting contacts between developed and developing countries. Applicants from all over the world are welcome, including from regions that do not (yet) belong to URSI. All successful applicants are expected to fully participate in the scientific activities of the General Assembly and Scientific Symposium. They will receive free registration, and in case of physical presence on site, financial support for board and lodging at the General Assembly and Scientific Symposium. Limited funds will also be available as a contribution to the travel costs of young scientists from developing countries, but this will also strongly depend on the situation with respect to the COVID-19 situation and the general format of the AT-AP-RASC 2022.

All Young Scientist applicants must submit a Summary Paper (2 to 4 pages) meeting the requirements of the [Summary Paper Template](#), together with a CV and a list of publications in PDF format. The Summary Papers will be submitted to IEEE Xplore unless the author opts out.

The application needs to be done electronically by going to the same Web site used for the submission of abstracts/papers via <http://www.at-rasc.org/>. After entering the author and submission details, authors will be asked if they want to apply for the Young Scientist Award. If they check the box “Yes,” additional questions will pop up for them to answer. Submissions must use the following file naming convention, where “Lastnameauthor” text is replaced by the student’s surname and “Firstnameauthor” text is replaced by the student’s first name.:

- YSASummaryLastnameauthorFirstnameauthor.pdf
- YSACVLastnameauthorFirstnameauthor.pdf
- YSAPubListLastnameauthorFirstnameauthor.pdf

The deadline for paper submission is **10 January 2022**.

Applications will be assessed by the URSI Young Scientist Committee, taking account of the national ranking of the application and the technical evaluation of the Summary Paper by the relevant URSI Commission. Awards will be announced on 15 March 2022 on the URSI Web site.

For more information about URSI, the General Assembly and Scientific Symposium, and the activities of URSI Commissions, please look at the URSI Web site at: <http://www.ursi.org/> and the AT-AP-RASC 2022 Web site at <http://www.at-rasc.org/>. We will also post updates on our Twitter account [@URSI_Radio](#) and on our Facebook page [@internationalunionofradioscience](#).
